

FIND YOUR FEET MALAWI

Capability Statement

www.fyfmalawi.org

FYF is dedicated to working with poor, rural communities to create lasting solutions to poverty.

ABOUT FIND YOUR FEET

Founded in 1960 in the United Kingdom, Find Your Feet (FYF) has been operating in Malawi since 2004. Registered under Malawian laws on 22 November 2016, FYF is dedicated to poverty alleviation and community empowerment. Led by a seasoned female Executive Director with 23 years of experience, FYF boasts a team of 51 qualified program staff and finance experts, with a balanced gender ratio. Over the past 3 years, FYF has managed substantial grant portfolios totaling approximately USD 823,529 from thirteen donors. This funding has been crucial in driving FYF's impactful initiatives across Malawi. Strong partnerships with the Government of Malawi and other key stakeholders have further enhanced FYF's influence and reach within the country. Guided by a commitment to sound financial management and sustainable development practices, FYF continues to make a significant difference in the lives of those it serves.

Registration: NCAE (SNBC5) and UEI (GQ3YJHEHNP22)

Vision

A world in which everyone's right to build a future free from hunger, poverty and discrimination is fulfilled.

Mission

To empower the rural and urban poor in finding sustainable solutions to hunger, poverty and discrimination through transformative and gender sensitive programming, capacity building, advocacy and partnerships founded on research and knowledge management.

THEMATIC AREAS

The organization's thematic areas are Agriculture and Livelihoods, Health, Nutrition & WASH, Education & Early Childhood Devt, Humanitaria Assistance, and Crosscutting issues. Under humanitarian response, it is strongly positioned to address 5 key BHA sub-sectors which includes:

1 **CONDITIONAL FOOD ASSISTANCE**

2 **UNCONDITIONAL FOOD ASSISTANCE**

3 **LIVELIHOOD RESTORATION**

4 **PUBLIC HEALTH EMERGENCIES**

5 **HYGIENE PROMOTION**

OUR IMPACT (Past Performance and Partnerships)

Partnership with World Food Program

FYF supported

41,027

Households in Balaka district in 2020/21, 2022/23 and 2023/24 lean periods.

FYF facilitated community outreach clinics to provide health services closer to communities for people living with HIV and about

10,467

people received treatment. Psycho-social counselling services were provided to improve their physical, emotional, social and mental well-being.

Partnership and CARE international,

FYF supported **2500** Affected households by Cyclone Freedy in Machinga in 2023 through cash transfer modalities.

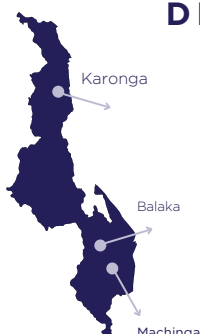

Through cholera outbreak in Balaka and Machinga in 2023, FYF contributed to reduction of cholera related mortality and its further spread through health promotion and strengthening of cholera service delivery with financial support from CARE International.

DIFFERENTIATORS

Local Presence and Expertise:

With physical offices in all three regions of Malawi and staff prepositioned in strategic districts like Karonga, Balaka, and Machinga, FYF ensures swift and effective emergency response within affected communities

Partnership Network: FYF's membership in the Humanitarian Partnership Platform in Malawi and involvement in contingency planning with district councils facilitate strong networks and coordination, essential for effective response and needs assessment.

Equitable Response Approach:

FYF recognizes the vulnerability of certain populations during emergencies and prioritizes an equitable response through comprehensive needs assessments and tailored interventions, ensuring the inclusion of all community members.
